I'm Hariom Malode, a dedicated and aspiring web developer currently embarking on my third year of studies in computer engineering at AISSMS IOIT Pune. Highly motivated and dedicated Computer Engineering student with a passion for technology and innovation. Proficient in programming, problem-solving, and project management, seeking to leverage academic knowledge and practical skills to contribute effectively to the field of computer engineering.

Education

Batchelor of Engineering at SPPU University, Pune.
Completed HSC From JES College, Jalna

Experience

Tourism Club IOIT [Nov 2022 - Oct 2023, AISSMS IOIT Pune]

As the Documentation Secretary at CodeHub Club, I am responsible for creating comprehensive and organized documentation for all coding-related activities and workshops conducted within the college

My role involves capturing essential information, instructions, and resources to ensure effective knowledge transfer and smooth execution of events.

Departmental Co-Ordinator [August 2022 - Present, AISSMS IOIT Pune]

Departmental Coordinator responsible for overseeing and managing the Earn and Learn scheme (Scheme allows students to earn money along with their study) facilitating communication between faculties and students, and ensuring efficient documentation and decision-making processes for seamless task execution.

Skills

C

C++

Java

Python

WebDev

Achievements

Bronze Medal in Divisional Athletics
Gold Medal in District Athletics

Projects

Earn and Learn Scheme Database System

Developed and implemented an innovative Earn and Learn database system operating in the terminal to streamline payment calculations and work record management for students.

Campus Pal Website

The objective of the "Campus Pal - Connecting Students to Essential Resources" project is to create a user-friendly website that serves as a comprehensive platform for college students to find and access essential services and resources including Mess, Hostel, Flats, Stationary.
